In the Matter of

DIST

Reclassification of License of
Station KURB(FM), Little Rock, Arkansas

RM-11102

ORDER TO SHOW CAUSE**Adopted: October 20, 2004****Released: October 25, 2004**

By the Assistant Chief, Audio Division, Media Bureau:

1. The Audio Division has before it a petition for rulemaking filed by Charles Crawford ("Petitioner"), seeking to amend the FM Table of Allotments by allotting Channel 251C3 at Altheimer, Arkansas, as that community's first local aural transmission service. To accommodate this allotment, Petitioner also requests the reclassification of Station KURB(FM), Channel 253C, Little Rock, Arkansas, to specify operation on Channel 253C0 because it is operating at below minimum Class C facilities. Petitioner has also certified, as required, that no other Class A channels are available for allotment at Altheimer.¹

2. Station KURB(FM) currently operates on Channel 253C with an effective radiated power ("ERP") of 100 kilowatts ("kW") at 392 meters height above average terrain (HAAT), which is below the minimum Class C antenna height of greater than 450 meters HAAT with 100 kW ERP. The staff has tentatively concluded that if Station KURB(FM) operates as a Class C0 facility, any short-spacing between Station KURB(FM) and the proposed use of Channel 251C3 at Altheimer at the proposed site would be eliminated. For the reasons discussed below, we are issuing this *Order to Show Cause* directed to Citadel Broadcasting Company, licensee of Station KURB(FM), Little Rock, Arkansas, to show cause why its facilities should not be reclassified.

3. Pursuant to the reclassification procedures set forth in the *Second Report and Order, supra*, and note 2 of Section 1.420 (g) of the Commission's Rules, a petitioner may initiate the reclassification of a Class C FM station to a Class C0 station through the filing of an original petition for amendment of the FM Table of Allotments. In those instances in which a triggering petition proposes an amendment or amendments to the FM Table of Allotments in addition to the proposed reclassification, the Commission will issue an order to show cause as set forth in Note 4 to Section 73.3573 of the Rules, and a Notice of Proposed Rule Making will be issued only after the reclassification issue is resolved. In order to comply with the foregoing reclassification procedures, it is first necessary to issue this *Order to Show Cause* directed to Citadel Broadcasting Company, to show cause why Station KURB(FM)'s license should not be modified to specify operation on Channel 253C0 in lieu of Channel 253C at Little Rock. Section 316(a) of the Communications Act of 1934, as amended, permits us to modify a license or construction permit if such action is in the public interest. Section 316(a) requires that we notify the affected stations of the proposed action, the public interest reasons for the action, and afford at least 30

¹ See 47 C.F.R. §§ 73.3573, n. 4 and 1.420(g), n.2. See also *Second Report and Order*, 15 FCC Rcd at 21,662, ¶ 26.

days to respond. This procedure is now set forth in Section 1.87 of the Commission's Rules.² In this instance, the reclassification of Station KURB(FM) as a Class C0 station at Little Rock will accommodate the allotment of Channel 251C3, Altheimer, Arkansas, as proposed by Petitioner. We consider this reallocation proposed by Petitioner to have sufficient public interest benefits to justify the issuance of a show cause order.

4. The Station KURB(FM) license at Altheimer, Arkansas can be modified to allow the reclassification of Channel 253C to Channel 253C0 at its currently authorized transmitter site.³

5. Accordingly, IT IS ORDERED, That pursuant to Section 316(a) of the Communications Act of 1934, as amended, Citadel Broadcasting Company, licensee of Station KURB(FM), Little Rock, Arkansas, SHALL SHOW CAUSE why its license should not be modified to specify operation as a Class C0 station on Channel 253C0, Little Rock, Arkansas.

6. Pursuant to Section 1.87 of the Commission's Rules, Citadel Broadcasting Company may, no later than, December 9, 2004, file a written statement showing with particularity why its license should not be modified as proposed in this *Order to Show Cause*. The Commission may call upon the licensee to furnish additional information. If the licensee raises a substantial and material question of fact, a hearing may be required to resolve such questions of fact pursuant to Section 1.87 of the Rules. Upon review of the statements and/or additional information furnished, the Commission may grant the modification, deny the modification, or set the matter of modification for hearing. If no written statement is filed by the date referred to above, the licensee will be deemed to have consented to a modification as proposed in this *Order to Show Cause* and a final Order will be issued if the modification is found to be in the public interest. If Citadel Broadcasting Company chooses to seek authority to modify Station KURB(FM)'s facilities, an acceptable application for a construction permit to increase the antenna height to greater than 450 meters HAAT and 100 kW ERP or the equivalent must be on file with the Commission within 180 days subsequent to the show cause response due date (December 9, 2004).

7. IT IS FURTHER ORDERED, That a copy of this *Order to Show Cause* shall be sent BY CERTIFIED MAIL, RETURN RECEIPT REQUESTED, to the following:

Citadel Broadcasting Company
City Center West
7201 W. Lake Mead Blvd.
Suite 400
Las Vegas, Nevada 89128

8. For further information on this proceeding, contact Victoria M. McCauley, Media Bureau (202) 418-2180.
